

## ***How to delete existing data from the N900***

**Please ensure that you have backed up your device data before proceeding.**

### ***Contacts***

1. Open the contacts application.
2. Open the application menu.
3. Select "Settings".
4. Select "Delete all contacts from device".
5. Confirm on the following screen.

### ***Calendar Events***

To delete all the events from a calendar that is not the default (N900) calendar simply delete the entire calendar:

1. Open the calendar application.
2. Select the application menu.
3. Select "Settings".
4. Select "Edit calendars".
5. Select the calendar to delete.
6. Select "Delete" on the next screen.
7. Confirm on the following screen.

To delete all the events from the default (N900) calendar:

1. Open the calendar application.
2. Select the application menu.
3. Select "Settings".
4. Select "Edit calendars".
5. Select the default (N900) calendar.
6. Select "Delete" on the next screen.
7. Confirm on the screen "'N900' calendar can not be deleted. Delete all calendar content instead?".
